Part III DETAILED ACTION

Notice to Applicant(s)

1. This action is responsive to the following communications: the RCE filed on June 20, 2005.
2. This application has been examined. Claims 1-28 are pending.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

3. Claims 27-28 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claim 27 – a computer readable media is not defined (i.e. floppy disk, CD-ROM, etc) in specification or in the claim.

Claim 28 – electromagnetic signals carrying instructions for execution.

Allowable Subject Matter

4. Claims 1-26 are allowable over the prior of records.
5. The following is an Examiner's statement of reasons for the indication of allowable subject matter: Claims 6-7, 12-13, 17, 22 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior arts which teach a plurality of ports capable of being set to a status of Uplinkguard enabled and setting the at least one port into blocked state in response to the at least one port being both in uplinkguard enabled status and selected by STP as a designated port.

6. The reason for allowance of claims 1-5 can be found in the previous Office Action.

Conclusion

7. All claims are rejected.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Raymond Phan, whose telephone number is (571) 272-3630. The examiner can normally be reached on Monday-Friday from 6:30AM- 4:00PM.
